Sister,

I can't tell you how much Ive enjoyed your class. I loved it, I really did, and I want to thank you for all the things you've done for me & the class & the football team. Stick with the Reds because they've got it all this year too, you think last year was great – just wait. Sister, for sure I'll be back to see you often next year, so I don't want this to sound like a goodbye, good luck speach. I hope you enjoy teaching next year as much as this year. Thanks again and Love always –

What's Past Is Prologue . . .

Two hundred years ago a struggling nation took a stand, proclaiming to the world her choice to be free. This was her *Declaration of Independence*. By this crucial decision the new country, the United States of America, carved her niche in the history of nations. Out of this nation emerged later one of the strongest political documents in history, the *Constitution of the United States*. Its few hundred words were the guidelines and the beacon of a budding nation. Two centuries later this Constitution has gloriously passed the test of time and events and remains the foundation of that liberty our forefathers won.

We, the students of Cardinal Mooney, share the legacy of *1776*. We are molded from the past and we shape the future for posterity. Celebrating our Bicentennial was of special significance to us at Cardinal Mooney, for we realize that through the wonders of knowledge, we understand our four basic freedoms. America's future depends greatly on today's young Americans. What we do now will in large measure determine what the United States will be in the future.

May God bless America and all of us who are today's tomorrow.

Article I

In 1776 a small group of men declared their independence from a whole nation. In spite of many hardships, they and their followers persevered in their struggle to keep their independence. Those people had a unique type of spirit, the Spirit of '76 — a spirit of truth and freedom.

We are the Class of 1976. That spirit which was so prevalent two hundred years ago lives on in us. As we move on to new horizons, we carry that spirit enthusiastically with us. We have pursued truth in an atmosphere of true freedom. We have kept our individuality. Like our forefathers, we shall strive, each in our own way, to share our light with others and, like the Olympic torch, lighten the world with the Spirit of '76.

"There is world enough for all to

ACTIVITIES

Student Council

The Student Council this year sponsored a number of activities for the student body. Among these activities were several dances featuring "Black Sheep" and "Goddess", the Christmas formal, "Crystal Images," held at the Americana Inn Towne House, a rousing Fall pep rally to begin the sports season, and a donkey basketball game.

Brother Robert deLeon
Moderator

The Student-Faculty Forum, which meets each month, is a lively discussion group composed of student officers, administrators, and teachers. Topics for the agenda of the forum may be submitted by any interested person. Some of the important forum concerns this year were the use of the profits made from the morning breakfast program, ways the students could help with the upkeep of the building, and suggestions for Mooney's participation in the nation's bicentennial celebration.

Action For People Association

The A.F.P.A. plans activities throughout the year in the interest of bringing joy to other people. Our Hallowe'en party put smiles on the faces of the children at the Al Sigl Center. That party was topped off by a visit from the "Great Pumpkin." At Thanksgiving time we cheered up the residents of the Latta Road Nursing Home with a Sing-Along and Bingo party, complete with home-made cookies. Whether it's teaching the Golden Agers how to do "the Bump" at the annual Christmas party, or standing on the streets of downtown Rochester in freezing temperatures collecting money for the handicapped, the A.F.P.A. members do it with loving enthusiasm.

Production Crew

Before any production can succeed, there is as much work to be done off stage as on. The different crews such as lighting, sound effects, and scenery work together to make the play enjoyable to watch. With all the behind-the-scenes people at work the actors can go on stage and do what they do best. Mooney's stage and production crews for the fall and spring plays have helped these dramatic efforts run smoothly and enjoyably.

The King and I

Last spring, Siam came to Cardinal Mooney in the form of the Rodgers and Hammerstein musical, *THE KING AND I.* We successfully adapted the play to Mooney's stage after countless hours of work and preparation by teachers, parents, and students. The band, the stage crew, the prop makers, the costume fitters and make-up crews, the dance teachers, the publicity personnel, the ushers, an appreciative audience, *etc., etc., etc.* were the ingredients that made it "tick". Add to that the encouragement of the entire school and the masterful direction of Brother Michael O'Palko who developed our talents and abilities and you know why *THE KING AND I* was a most memorable experience for all of us who were involved.

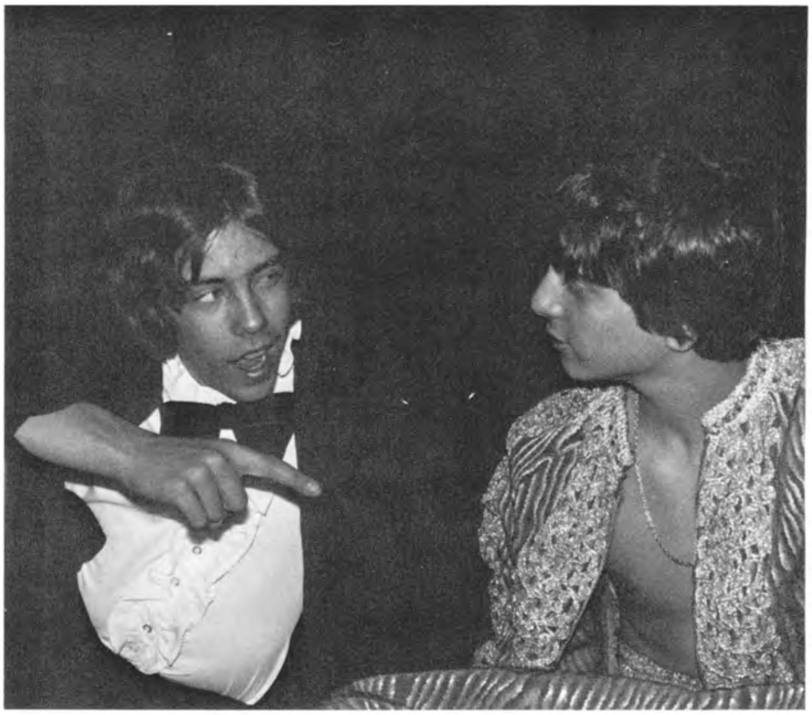
Mike Campanella

The King of Siam (Mike Campanella).

Anna (Rita Astrella) sings of "Young Lovers."

Kralahome (David DeBellis) asserts his authority over the interpreter (John Meagher).

Lun Tha (Glenn Guarino) in a tender love scene with Tuptim (Theresa Ringholz).



Louis, Anna's son (Joe Oster) and Prince Chululongkorn (Pat Mulholland) have a man-to-man chat.

Angela Uttaro portrays Lady Thiang.

The court ladies make preparations for the grand banquet.

Liz Rich, Patty Meiller and Beth Stubler in "The Little House of Uncle Thomas."

Maria VanRough (Anne Ruflin) muses: "Colonel Manly is a fine marriage prospect."

Mike Campanella, Anne Ruflin, Nora Brickler, Linda Schneider.

Jessamy (Joe Oster) remarks to Jonathan (Joe Connor): " . . . and you'll never get a girl with those finger nails."

Colonel Manly (Mike Campanella) ponders the last remark of Dimple VanDumpling (Bill Keenan): "You think you're better for Maria than I."

The Contrast

FIRST ROW: Jim Fleig, Ann Winkler. *SECOND ROW:* Joe Connor, Kathy Maginn, Joe Oster, Mary Brewer, Teresa Schaller.

Mr. VanRough (Gary Groth) quips: "He was as brisk and merry as a bee."

Mr. VanRough (Gary Groth): "Well, fetch another bottle, Nathan." (Richard Conheady)

The fall drama production, *The Contrast*, was an entertaining play containing a bicentennial message. This was the first American comedy written in 1787 by a Vermont governor, Royall Tyler. The play dramatizes the changing social concerns of the first American citizens. A pantomime and summary of the whole plot was added to give a new dimension to the theme.

CARNIVAL

Wagons arrive, creating an aura of excitement and anticipation of the fun-filled days ahead: cotton candy — sweet lickin' for kids; carousel rides — enchanting the minds of the young and the young at heart; games of fortune — luring the adventurous and optimistic. The Men's Guild, the Women's Guild, the faculty, and the entire student body join to produce one of Mooney's most thrilling events and one financially beneficial to the school.

Christmas At Mooney

is as active as it is festive. The activities encompassed all aspects of Christmas and its spirit. One important event was the annual Christmas Mass planned by the students. Here, worshipping together, they shared their love for each other and for the coming Savior. Several Senior Theology classes reenacted the story of the first Christmas so that children of the community could experience the true meaning of Christmas. Mooney students celebrated the joy of Christmas together with friends at the Christmas Formal, "Crystal Images." The spirit of giving was evident at Mooney through students who truly gave of themselves by donating blood in the Holiday Blood Drive.

Current Concerns Discussion Club

"Without controversy, there will be no thought." This may well be the unspoken motto of the Current Concerns Discussion Club. The club is small, but its members boast an eagerness to think out loud, to probe and question what is happening around them. Topics for discussion have included the ERA, the right to strike, gun control, and a host of other relevant topics. The club is open to students on all levels who wish to test their understanding of the world against the understandings of others. "It is better to discuss an issue without settling it than to settle an issue without discussing it."

The 1975-76 Chess Club broke tradition by emphasizing intramural participation rather than interscholastic competition. Every Wednesday interested students with varying degrees of competence share skills by playing games. A quiet, fun-orientated game replaces pressure, won-loss records, and embarrassments. Through the organizational efforts of freshmen Andy Battisti and Erik Hemdal, the club members enjoyed meeting new friends and learning new skills.

This year, through hours of hard work and frustration, many great things emerged. First and foremost was a yearbook filled with all the splendor of a bicentennial year. Second, but not a bit less important, was the friendship and warmth that comes with working together in a joint effort. Long live the Spirit of '76!.

Although no one had any previous newspaper experience, we managed through Brother Thomas' supervision to put out a first-rate high school newspaper. Putting together a newspaper became a very rewarding experience and our enthusiasm grew as the year progressed. We tried to fullfill our goals of próviding accurate coverage of Mooney activities and special features not only through our paper but through the "Rap Around" section of the *Catholic Courier Journal*. We hope that the students of Mooney appreciated our efforts to produce an informative and entertaining newspaper. The staff of the *Crest* would like to take this opportunity to extend our gratitude to brother Thomas Mulryan for his patience and guidance.

An enthusiastic staff helped the *Myriad* struggle through another year. Since all our veteran writers had graduated, new editor, Jerry Harrison, determined to save the *Myriad* from the fate of the great auk, the passenger pigeon, and the dinosaur, recruited an all-new staff. Writers, too, appear to be a vanishing breed at Mooney, but the *Myriad* members did their best to assemble a respectable collection of their classmates' best creative work.

National Honor Society

The National Honor Society is a national organization to which students who meet the requirements of leadership, scholarship, service, and character are elected. Membership in it accords them honor and makes others in their family, school, and community cognizant of their achievement. As one member, Bruce Brooks, said at this year's induction ceremony: "In this Bicentennial year we look at America's goals — past, present, and future. One goal that transcends all three time periods is freedom. It is a goal of many people in the world today. Perhaps America should rededicate itself to the goal of freedom. As members of the National Honor Society, we should be a catalyst for this action."

Each year, Juniors are given an opportunity to test their academic potential in national competition. The instrument is the P.S.A.T. — National Merit Exam. The two hour test, given in October, challenges the student's background in English and Math. This year, nine students received Letters of Commendation. Another student received Finalist status in the National Program for Outstanding Negro Students.

A college education has often been a goal for many high school seniors. An opportunity to realize this objective is made possible by the New York State Regents Scholarship Examination. Scheduled annually in October, the test provides a challenge for students who wrestle for six hours with the intricacies of English, Math, Science, Music, and Social Studies. In this year's competition, twenty-five seniors were awarded scholarships; an additional ten were awarded alternate status; two were awarded Nursing scholarships; an additional three were awarded alternate status.

French Club

Mrs. Gladys Sanderson (Moderator), Karen Adams (President), Lisa Heeks (Secretary), Andrew Kendrot (Treasurer).

During this Bicentennial year the French Club's goal was to bring together students with a common interest in the French culture. Our motto this year was "Bon Anniversaire, L'Amérique!" (Happy Birthday, America!). A highlight this spring was a dinner planned for the French Club students. The menu included, of course, various French foods. Next year we hope to see more new faces in the club.

Feliz víspera del Día de Todos los Santos! (Happy Hallowe'en!).

The Spanish Club seeks to bring various aspects of Spanish life and culture to its members and to the students at Mooney by means of fiestas, songs, projects of various types. For a special Bicentennial project the club traced the development of Spanish influences in America and set up a display in the lobby showcase. In addition the Hallowe'en and Christmas fiestas included the traditional "pinata" — a brightly colored and decorated hollow ball filled with candy which students take turns trying to break. A spring picnic was also part of this year's plans.

Girls' Athletic Association

The G.A.A. is the Girls' Athletic Association. Each and every girl that attends Mooney is an official member of this organization. Every year there are special activities, such as this year's first Senior-Faculty Volleyball game. Other activities included a Sports Night for girls and their mothers, and a Final Banquet at the end of the year to reward those girls who participated in the athletics of the past year. The prime purpose of the G.A.A. is to promote sportsmanship and competition between girls.

Student Workers

Student workers are a group of students who help pay their own tuition by keeping the school plant in order. Their thankless efforts result in well swept corridors and stairwells, clean rooms and blackboards, to name just a few of their varied responsibilities. There are approximately sixty-five students in the program to handle a total of about one hundred twenty jobs.

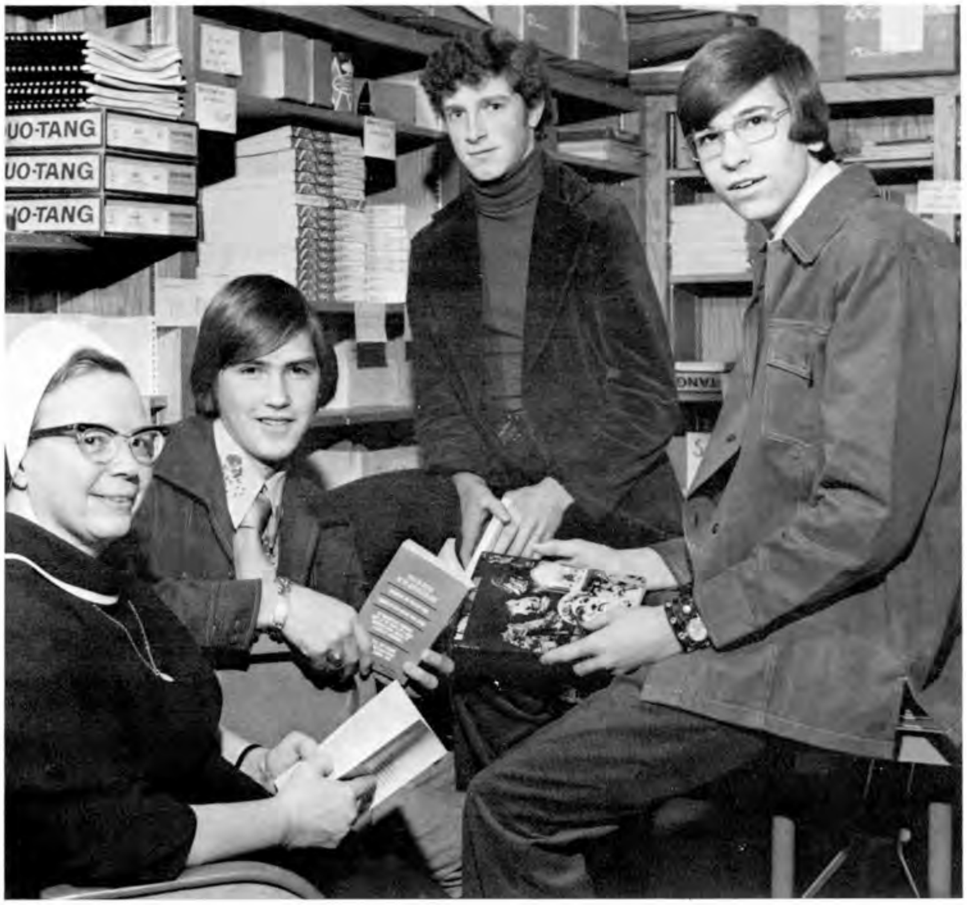
Bookstore Workers



Sister Mary Thaddeus (Moderator), Tim Chennell, Bob Tydings, Paul Adams.

Though few in numbers, perhaps the best way to describe the bookstore workers is to list them among "those who serve without renown." They give freely of their time to serve those who stop at our counter each morning before school begins, time which they could be enjoying with their friends or finishing off assignments. Without their help we would not be able to accommodate all students before the bell for classes rings.

"Our thanks" to Tim, Paul and Bob for their past two years of service.

The library workers in 1975 had a double job. They not only had the usual routine work to do but they had to acquaint the new librarian with Cardinal Mooney's library. Tables were moved, files were moved, decorations were discovered and used, and many more paperbacks had to be covered and kept neat. The new pass system meant passes to cut and count, to be replaced as needed at the desk and delivered to various study halls. Current and back number magazines were part of an Explorer project when Sue Schultz offered to take complete charge of magazines during second semester. The addition of microfilm meant the workers had to keep the films in order and learn how to use the viewer. 1975 has been a time of getting to know each other, establishing routines and forming a working unit. 1976 promises to be an even better year because of the cooperation and enthusiasm of all the library workers.

The Turkey Trot

This year the Turkey Trot netted over $200 for the needy. Brother Aubert came in first, but we won't mention his head start. Brother Raymond and Miss Siembor took first place for the faculty. Matt Koerner and Meg Tydings won first place in the student division. Dianne Agostinelli and Steve Angeline were top sponsor-getters.

The Seniors beat the faculty in both basketball and football though the scores were close. Score was 36-33 in the basketball game. Faculty won the volleyball game. The Seniors leave the faculty one line of encouragement however: "Better luck next year!"

Intramural Tennis

After four elimination matches the two girls' doubles teams to reach the intramural tennis finals were the team of Sue Bartula and Laurie Richardson, and the team of Claire Boerschlein and Ann Smulka. Sue and Laurie won 9-1 while combining consistent ground strokes and deep lobs.

In the boys' doubles division seniors Brian Hofmann and Bill "The Ace" Keenan advanced into the finals facing two young varsity tennis prospects, Rob Fagan and John McCarthy. Youth prevailed 9-3 as both Rob and John showed strong services and "polished poaching." Participation in intramurals included 28 girls and 20 boys.

This year indoor track began as a conditioning program for spring track. However, we did compete well in four meets staged at the University of Rochester. Jim Tarkulich, Bruce Brooks, and Tom Newhart all qualified for select Section V competition. All in all, many footsteps were worn into the basement hall floors, each man driving himself to success. And the final measure of that success came out on the track, alone against the odds, and we did well.

Girls' Bowling

Mooney's Girls' Junior Bowling League had twelve teams this year. The top eight bowlers represented Mooney in the Section V Bowling Tournament on March 27th. Last year was the first time Section V had a separate girls and boys competition. Our girls' team came in first place and entered this year's competition as defending champions. This year, in addition to a five girl team, we entered the doubles and singles competition. We had three bowlers from last year's team, Terri Metzger, Kathy Bellucco, and Donna Dill.

Strategy at work.

Although the 1975 Cardinal Mooney Varsity Football team did not go as far as we would have liked, the season had a much greater value than our 6-3 record indicated. The victories, defeats, frustrations, and joys we experienced will always be remembered, especially by the thirteen seniors who will never be on the field together again. It was a year of coming close but losing in a heartbreaking way something we wanted so much. Coach Merola experienced the greatest loss before we even stepped on the field, and we helped him through the year just as he helped us. We laughed together, cried together, worked together, and always played together. Speaking for Ricky, Walks, Brooksie, Biancs, Hags, Potter, Lag, Barney, Curts, Tosc, and Bubba, all the juniors and we found a togetherness and unity that will never be forgotten.

J.V. Football

This year's J.V. football team was not big. We were smaller than most of our opponents. Hard work, fine coaching,and the desire to win were the main ingredients which made up our squad. Our offense was noted for exceptional backs and a hard-hitting line. Our defense was tight and had several shutouts. The total margin of our two losses was three points. We will always remember the efforts which led us to a very rewarding season.

The 1975 Cardinal Mooney Soccer Team enjoyed the finest soccer season in our school's history. The team, which has not been beaten in 19 games over two years in league play, set an amazing record of 13 wins, 2 losses, and 2 ties. This was brought about by twenty-five young men totally dedicating themselves to team success and Mooney soccer.

Fine individual efforts were shown throughout the team. Junior captain Don Drum led all scorers with 18 goals followed closely by senior Bill Maher with 13 tallies. Mike Shoniker and Jim Eichas accounted for 8 goals, each rounding out the finest forward line in Rochester and Monroe County. Drum and Eichas were chosen to the First Team All City-Catholic Team.

The defense was spearheaded by All City-Catholic Selections Paul Moriarty at halfback and Tim Caufield at fullback. Assistance was received by Seniors Brian Dugan, Mike Nietopski and Glenn Howarth, Junior Tom Brickler and Sophomore Rich Eichas. Goal keepers Pete Cumbo and Steve Angeline allowed only 19 goals in 16 games.

Although many seniors will be lost to graduation, a returning backbone of players should be contenders towards a next year's Bicentennial Year Championship.

Tim Hogan skillfully moves the play up the field.

The Junior Varsity Soccer team under the direction of Mr. Scott Morrison finished with a very fine 11 wins and 4 losses, bringing them second in the Junior Varsity division. The Mooney forward line set an amazing scoring pace tallying 65 goals in 16 games. Leading the "Junior Booters" were sophomore forwards Chris Leonardi and Mike Ferron with 15 goals each. Other outstanding performances were turned in by winger Eric Schickler, inside Bill Begy, and freshman winger Jim Ducey. The defense was ignited by sophomore Dave Moriarty and freshman Ron Howarth. They received help from sophomore Bob Bertrand and freshmen Custy Panetta, Carl Tandoi, Mark Zecchino, and Dan Donals.

A fine combination of youth and experience showed through the 1975 Junior Varsity team. It was evident that soccer supremacy at Mooney is here to stay.

Steve Faticone puts his "all" into this play.

This season our team, although a young and inexperienced one, completed one of Mooney's strongest records, 7-3. We worked long, hard hours. Mr. Marchese really got us into shape and made a fine team out of us. Dedication was the secret behind our success. Many opponents were surprised at our skill and determination. Next season looks very strong and balanced with many of the team's lettermen returning.

Track

Track and field is a unique team sport. The final point tally is based on the team's overall effort, but each participant must consider his own event. When that time comes, he has no one to depend on but himself. The team effort of 1975 was 4-4, a credible record. Individual effort was led by Ken Boddie in the long and triple jump and Neil Moore in the 440 yard dash. These outstanding members of our team were rewarded with a trip to the State Meet in Morrisville. The season, though mediocre, was enjoyed by everyone. Hard work was accompanied by laughter, always a welcome combination.

Cross — Country

With such a record, it might seen that someone wasn't doing his job this year in cross-country. On the contrary, the harriers from Maiden Lane improved every meet, with a fine showing their last race, the City-Catholic Individuals, and Section 5 Invitational. Cross-Country could not have been a reality without the hard work and confidence of all members, from the fastest to the slowest. Eric Braun and Denise Smith were the team standouts, Eric with a third in City-Catholics, and Denise with the best record in Section 5 for girls. In addition, Denise won the East Invitational, and the Alfred-Almond Invitational. Eric won his race at the East High meet, and collected a lofty sixth in Section 5, and a 47th in New York State. Bob Acker received honorable mention in City-Catholic, and with teammate Bob Tydings, formed a strong back-up to Braun's hard charging at the front. Mooney Cross-Country in '75 was a fine season, but could only have been that way because of all the fine individuals that took part. For the seniors that leave, they have shared in some good times; for those that remain, we look to even better.

Five goals were nullified and two games were lost on penalty corners which is the tie breaker used in the City-Catholic League. We finished third, one game out of second place. Next year twelve out of twenty-three girls will be back. Most of them have shown great potential and with a little help, dedication and desire, we hope to return to the winning path.

The 1976 Varsity Wrestling season noted a number of exceptional wrestlers. Team Co-Captain Pat (Hondo) Holmes wrestled the entire season, suffering only one defeat. Seniors Joe Seil, Don Frank, Jerry Read, and Co-Captain Mark Baker also wrestled very well. In the Avon Chrismas Tournament freshman Carl Tandoi, junior Tom Heindl, and seniors Pat Holmes, Joe Seil, Don Frank, and Jerry Read all celebrated first place honors. In the City-Catholic Tournament both Pat Holmes and Tom Heindl took second place. This year's wrestling team was one of the best.

The 1976 J.V. Wrestling team abounded in talent. Their record of 5-8 was rather deceiving. The J.V.'s had to forfeit many matches which caused them to lose meets. Freshman Joe Kase was undefeated in league competition. Other exceptional J.V. wrestlers were Chris Roncone, Jeff Doerrer, Chris Brescia, Bill Birecree, and Joe Rodgers. This talent promises much for the upcoming Varsity team.

Craig LeBeau demonstrates determination.

The Bowling Season consisted of some excellent games, mixed in with a few long afternoons, as the team competed in the tough City-Catholic League. The highlights of the season came when Mike Bleier bowled a 238 game and Bob DeCarlo threw a 438 for a two game series. These were both among the highest in the league all season. The team's total of 1862 against McQuaid was also among the top two game sets for the entire league. Russ Tripoli led the team with a 175 average. Russ was followed closely by Mike Bleier at 171 and Paul Adams at 167. The entire team had a very good 163 overall average. With six underclassmen on the roster this year, the team should be a definite contender for the City-Catholic championship next year.

We won the City-Catholic Baseball Championship last year but far more important was that we won it in the memory of Tommy Roach. As a team we dedicated our season to Tom. Through this great determination to win, backed by the Spirit, hustle and one of the finest coaches we turned a promise into a fact. Highlights from last year's season include winning our first twelve games, winning the City-Catholic League, and reaching the semi-finals of the Section 5 Baseball Tournament before losing to Spencerport. Only with our quality of players and our coaching could last year's team do what it set out to do.

J.V. Baseball

The 1975 Junior Varsity Baseball team was comprised of a very young squad. Several inexperienced team members did very respectable jobs at their new positions, composing on an 8 win 7 loss season.

Freshman Joe DiPonzio and sophomore Kevin Dennis led the hitting department while alternating at catching. Both hit batting averages well into .375. Freshman second baseman Mike Neary blossomed late in the season to hit .300, while frosh first baseman Rich Eichas led the team with 18 stolen bases and hit at a clip of .320.

Pitching was sparked by frosh Joe Mazzeo who made appearances in over half the games, striking out nearly 100 batters in the campaign. He received mound help from frosh Tim "Lefty" Hogan and soph Kevin Wilkins.

The team showed great promise in its young players, giving great hope to the Cardinals in the future.

This year's basketball squad consisted of thirteen closely knit ballplayers. Each one had a special desire to put out as much as he could give. Our team was outsized by every club we faced but that desire kept us in every game. There were many bright spots in our 11-7 season. First of all was our one point loss to powerhouse Monroe. We won the Arcadia Christmas Tournament with Don Drum going away with M.V.P. We beat East by one point in overtime for the first time in four years. Mike Shoniker broke the school record with a 42 point performance against Madison in the final game of the regular season. However, the brightest spot of this whole season was not an individual performance; it was the hustle and the drive of a team which had one goal, "Do Their Best."

Cardinal Mooney cheerleading has always been filled with love and respect for one another and this year is no exception. We've had many beautiful victories and some difficult defeats but through those defeats we've always been able to pull together as one. The reason for this is because we are one solid unit, not only on the court but off it as well. The result of this year for us has been the realization of everlasting love, friendship, and memories!

Stand! We're proud we're Mooney, we're proud! (Sue Springer, Sheila Dugan, Eileen Ferron).

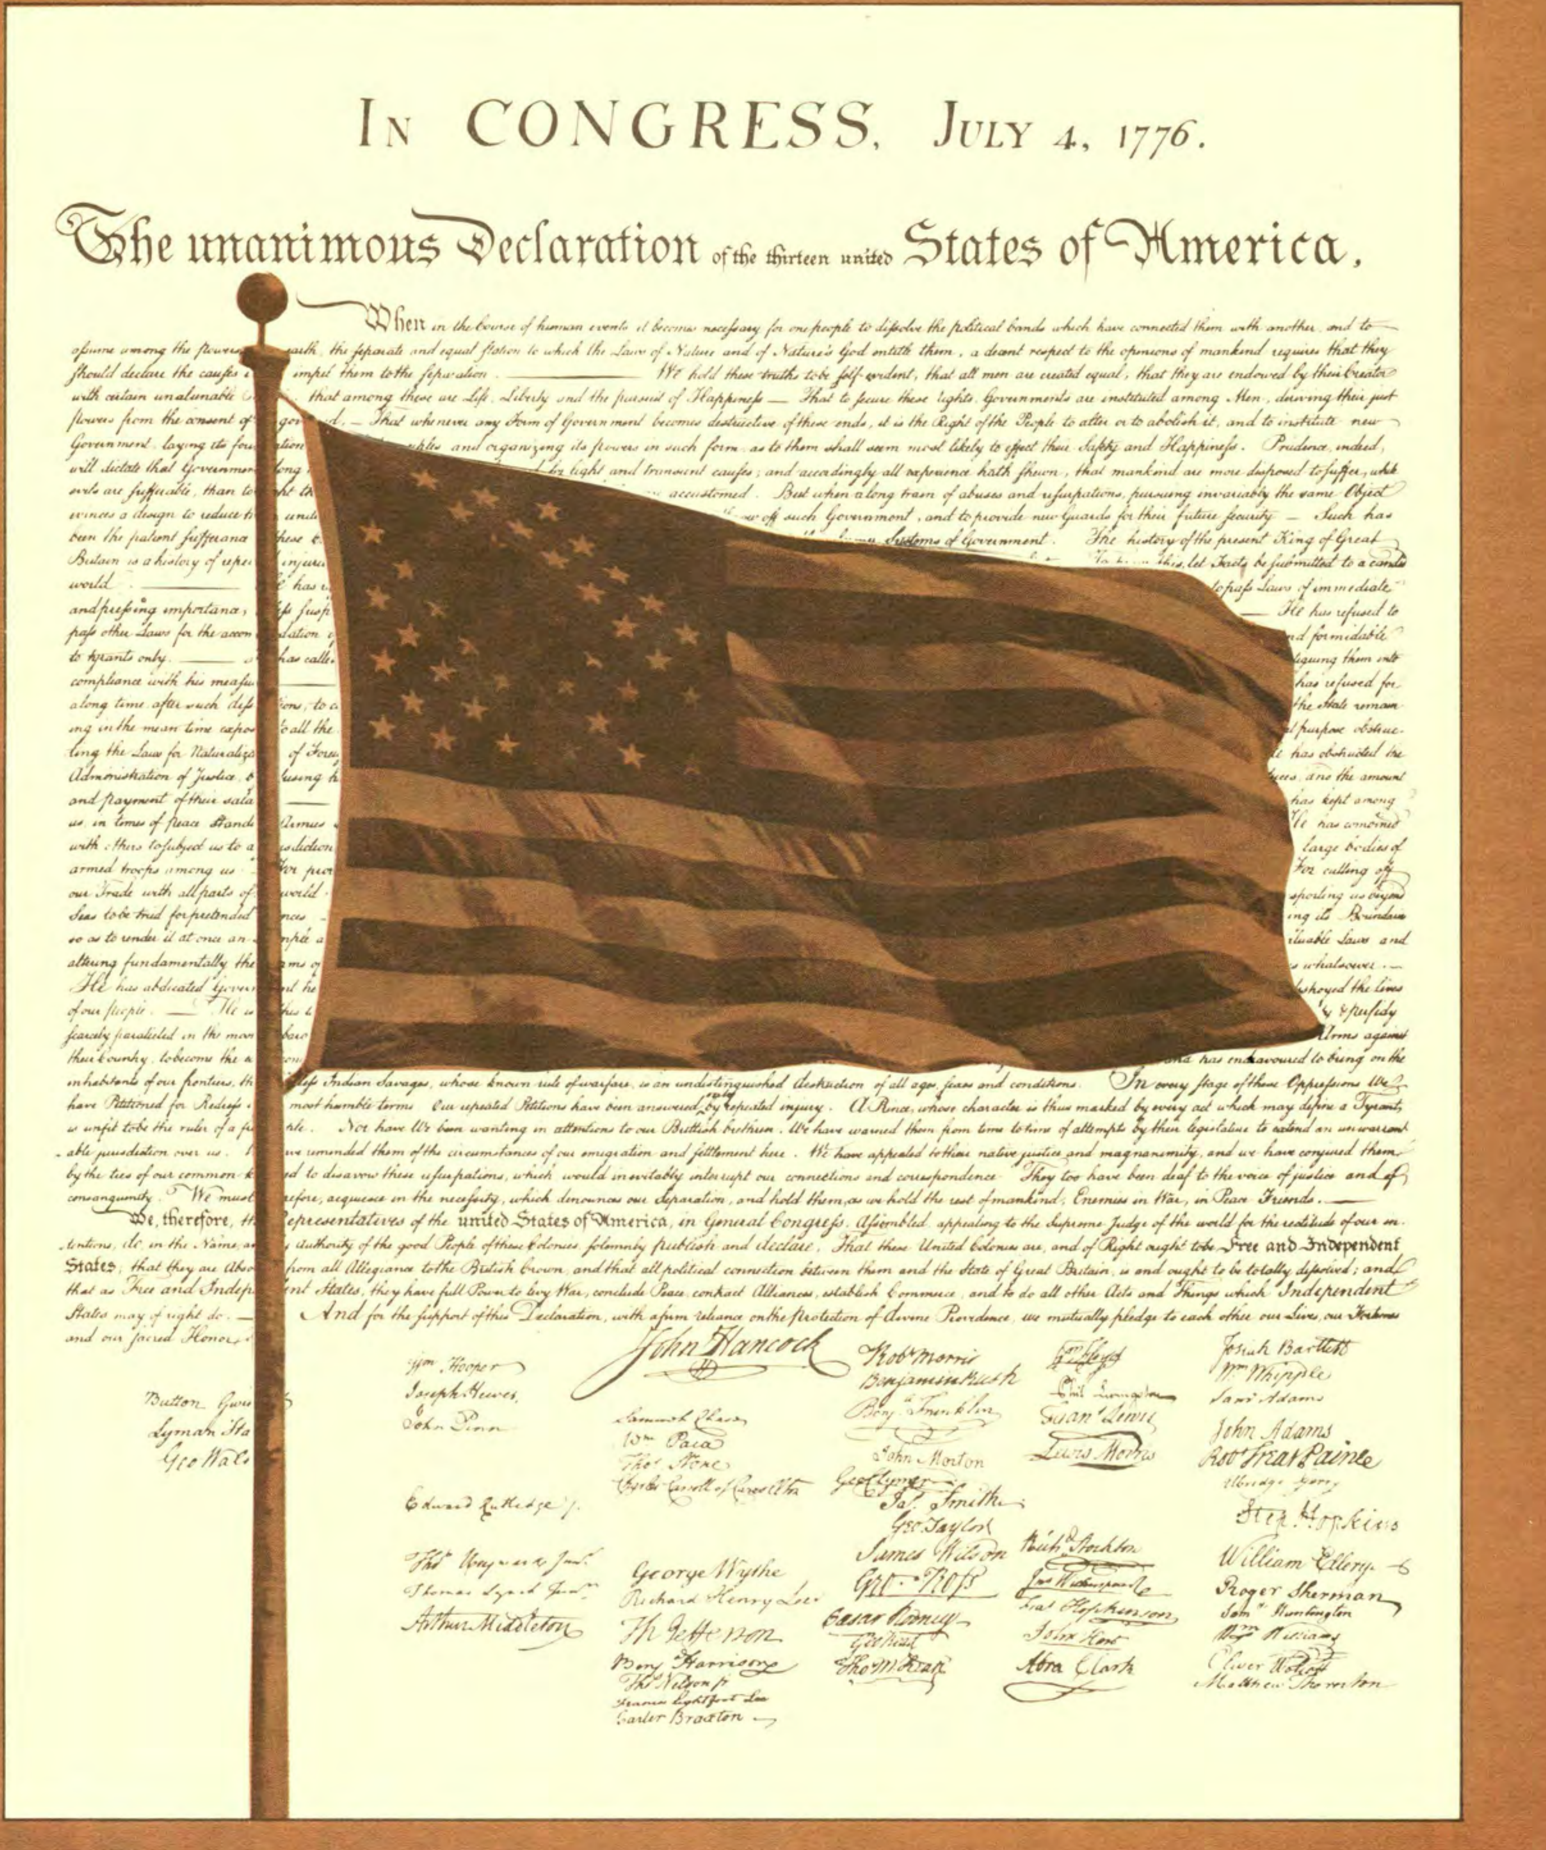
The Captains and Coach proudly display the results of the CYO State Invitational Cheerleading Tournament. Most cherished of all the awards is the one held by the Varsity Captain (third from left), the Congeniality Award, which is voted on by all the competing squads. This award signifies the friendliest, most outgoing, vivacious of all the competing girls.

1776
THE UNION AND THE CONSTITUTION FOREVER.
1976

THE FIRST 200 YEARS

A knowledge of American history is an invitation to experience the accomplishment, drama, tragedy and hope of an infant nation struggling to grow up. Sturdy, determined pioneers hacked away at the edges of a raw continent and, with blunders and achievements alike, modeled a country with a spirited nature and a united commitment to individual liberty for every one of its citizens. Americans, great and not so great, have given us a heritage to carry on and improve upon. Farmers and soldiers, industrialists and merchants, dreamers and leaders, are all there in two centuries of progress.

But the maturing isn't finished. You'll find the boundaries of growth as endless today as when our forefathers first envisioned them. You can seek out your own destiny with the wisdom and judgement which comes with re-creation of the past. Your knowledge, dreams and industry will carry on through many more centuries of living history.



IN CONGRESS, JULY 4, 1776.

The unanimous Declaration of the thirteen united States of America,

When in the Courſe of human events it becomes neceſsary for one people to diſsolve the political bands which have connected them with another, and to
aſsume among the powers earth, the ſeparate and equal ſtation to which the Laws of Nature and of Nature's God entitle them, a decent reſpect to the opinions of mankind requires that they

with certain unalienable that among theſe are Life, Liberty and the purſuit of Happineſs. — That to ſecure theſe rights, Governments are inſtituted among Men, deriving their juſt
powers from the conſent of gov d, — That whenever any Form of Government becomes deſtructive of theſe ends, it is the Right of the People to alter or to aboliſh it, and to inſtitute new
Government, laying its fou ation ples and organizing its powers in ſuch form, as to them ſhall ſeem moſt likely to effect their Safety and Happineſs. Prudence, indeed,
will dictate that Governmen long for light and tranſient cauſes; and accordingly all experience hath ſhewn, that mankind are more diſpoſed to ſuffer, while
evils are ſufferable, than to ht th accuſtomed. But when a long train of abuſes and uſurpations, purſuing invariably the ſame Object

is unfit to be the ruler of a f ple. Nor have We been wanting in attentions to our Brittiſh brethren. We have warned them from time to time of attempts by their legiſlature to extend an unwarrant-
able juriſdiction over us. e have reminded them of the circumſtances of our emigration and ſettlement here. We have appealed to their native juſtice and magnanimity, and we have conjured them
by the ties of our common k d to diſavow theſe uſurpations, which would inevitably interrupt our connections and correſpondence. They too have been deaf to the voice of juſtice and of
conſanguinity. We muſt refore, acquieſce in the neceſsity, which denounces our Separation, and hold them, as we hold the reſt of mankind, Enemies in War, in Peace Friends. —

We, therefore, th Repreſentatives of the united States of America, in General Congreſs, Aſsembled, appealing to the Supreme Judge of the world for the rectitude of our in-
tentions, do, in the Name, an Authority of the good People of theſe Colonies, ſolemnly publiſh and declare, That theſe United Colonies are, and of Right ought to be Free and Independent
States; that they are Abſo from all Allegiance to the Britiſh Crown, and that all political connection between them and the State of Great Britain, is and ought to be totally diſsolved; and
that as Free and Indepe nt States, they have full Power to levy War, conclude Peace, contract Alliances, eſtabliſh Commerce, and to do all other Acts and Things which Independent
States may of right do. — And for the ſupport of this Declaration, with a firm reliance on the protection of divine Providence, we mutually pledge to each other our Lives, our Fortunes

CHAPTERS OF AMERICAN HISTORY

The Stamp Act of 1765 was an attempt by England to tax items that were wholly American. The colonists reacted in seething resentment which erupted into angry protestations. The first blood of the American Revolution was spilled during one such incident at Boston in 1770. Several Americans lost their lives over a snowball thrown at a British sentry.

In the fight to achieve commerce equality, the United States found itself in a naval war over shipping lanes. Fort McHenry was heriocally held during a British naval bombardment, and the stars and stripes still flew after a night of hard fighting. The next morning Francis Scott Key penned the immortal words of what would become the national anthem.

Settlers had to have permanent access to the new lands, so canals and bridges were built to carry stages and wagon trains loaded with machinery destined for settlements in the West. The pioneers foresaw great wealth in the cheap acreage that was available.

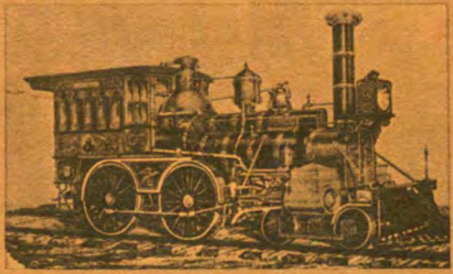
Frontiersmen cleared the wilderness, built settlements and drove back the Indians. The Pony Express and the telegraph became primary means of communication.

Agriculture was the wealth of the country. American inventions of the time were often related to working the soil. The McCormick Reaper, mowing machines, textile looms and the cotton gin were instrumental in the settling of new frontiers.

In 1848, James Marshall found gold in the race of a sawmill he was building for John Sutter at Coloma, California. The lust to "get rich quick" was the force behind this biggest and gaudiest gold rush ever.

While "gold rush fever" gripped the country, states were increasingly more divided on the slavery issue. Civil war broke out in the East. This "Brothers War" was bitterly fought and, though the scars remain even today, slavery was abolished.

Cities grew at an alarming pace; often without regard to the limits of safety. The great Chicago fire of 1871 burned the bustling cattle market empire beyond recognition. But the pioneer spirit was not broken. Chicagoans began rebuilding and preparations were underway to celebrate the 100th birthday of the country.



The "Iron Horse," carrying homesteaders, greatly helped settlement of the new country. The first transcontinental railroad connected the country at Promontory Summit, Utah, on May 10, 1869.

Transportation was setting the pattern for the American way of life. The country became a mobile society with electric trolleys, automobiles, farm machinery, and bicycles, all the rage. Along with the accessibility of travel came a new era of nationalism.

A World War called upon the nation's young men to unite and fight. After the war in Europe, the nation pulled itself together and industry flourished once again. A carefree America buried war memories in the new moving pictures, telephones, light bulbs, electric generators, stock market ticker tape machines, phonographs and a wealth of inventions from the fertile minds of its young inventors. Baseball became the national sport and prohibition was law.

Black Thursday, October 24, 1929, saw the American stock market crash to the lowest level in history. Panic set in as the unemployment level skyrocketed. The country was in its worst economic crisis. Slowly, but surely, the wounds of the "crash," the "dust bowl," and poverty healed.

The steel industry geared up for the revival while rumors were whispered in the Roosevelt administration of another impending war. The nation's leaders scoffed; until December 7, 1941 . . . Pearl Harbor!

Industrial production reached a peak during the war years. Upon their return from four years of battle, the veterans forged ahead with an eye on a "better life for everyone." Several moderate recessions in the 50's and 60's reminded cautious citizens of past decades.

Huge strides were being taken in the scientific field. Television became a part of every family's life. National events were household topics — while they happened — thanks to the new medium. Individuals and groups were seen "on the tube" as they advocated new social reform, or justice, or special causes of their own. TV gave individuals and political systems power greater than ever before. Audio-visual journalism had made its impact.

Nearly 100 years of struggling for civil liberties were realized when President Lyndon Baines Johnson signed the Civil Rights Act of 1964 into law. The Act outlawed segregation in any form.

The seventies shed light on a new trouble for the nation as it approached its 200th birthday. The world's energy sources and natural resources were being used up faster than they could be replenished. Americans once again waded into a new frontier. The "energy crisis" and "ecology" were prominent words in the language. Ways to save nature from the neglect of mankind and ways of preserving precious fuel without damaging that balance of nature were the objectives of Americans across the country.

Earth's crises spurred Americans into further pioneering. This time . . . outer space. American astronauts were the first on the surface of the moon and the U.S. was first to build a "skylab" for more scientific study.

American is still learning and growing after a mere 200-year infancy. The original determination of our forefathers was told again in the words of Neil Armstrong as he made the first step on the moon . . . "a small step for man, but a giant step for mankind."

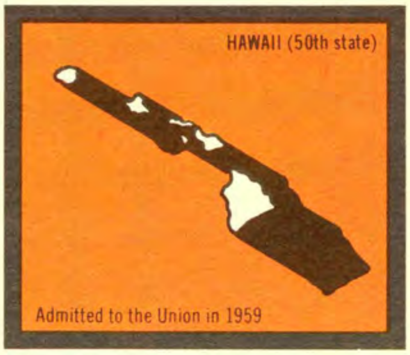
THE CHANGING NATION



Ownership of land had been just a dream to most of the colonists from feudal England. With the great expanse of cheap land opening up in the West, the dream became reality.

The Louisiana Purchase of 1803 opened the first sizable frontier in the Midwest, but the nation was not ready for it yet. It took a growing market in the East, where land was getting high-priced and scarce, and development of good transportation, to really start the frontier movement.

The Gold Rush caused hordes of settlers to take various routes to the Pacific Coast and its yellow riches. The railroads brought farmers and ranchers, along with the miners, who decided to stop all along the routes and build their homes. Railroads were instrumental in the quick civilization of the West, bringing people in numbers so large that the resentful Indians were finally pushed back into unwanted and infertile areas.

America became a haven for immigrants from every nation as freedom beckoned them to the teeming cities of the East, the plains, and the rich west coast farmlands.

Sick of the Civil War and with their own lands divided up and lost, many Southerners set out to "begin again" in the virgin territories. "Westering" soon became the national tradition as North and South moved together toward a new life. Americanism was advanced socially, by the hard-working, bare-fisted types who settled the frontiers.

Without realizing it, England instilled in the colonists the individual purpose and ingenuity that necessity breeds. With trade goods cut to a minimum, determined young leaders of the time set out to find ways of surviving without support from the Mother Country.

Agricultural methods and machines and labor saving devices were designed by our forefathers. As frontiers opened, Yankee genius had to conquer natural barriers in the wild new country, so suspension bridges were invented and methods of transportation were perfected for the purpose of opening the untamed areas. Later, they sought to section off the land with the revolutionary and controversial invention — barbed wire.

Cooper's 1-horsepower **Tom Thumb** train in 1830 and later, automobiles like the first Model T, and the 4-horsepower airplane ; became American modes of travel from city to city and coast to coast.

Americans knew that the fertile lands of this nation would produce unequalled harvests if machines were designed to take over for man. They knew also that trade routes were difficult to travel and manufacturing would have to be done close to home. The cotton gin, textile looms, drill presses and a reaper which could cut six times as much grain as a hand scythe were some of the tools invented.

Protection for themselves and for their young country prodded inventors like Eli Whitney to perfect firearms and others to work on plans for the first submarine. Young inventors like Alexander Graham Bell and Thomas Edison (called the nation's most valuable citizen) visualized machines that would light the country and open up communication with those in the far corners of the nation. The telephone, telegraph, phonograph and the first light bulb were discovered in the late 1800's and early twentieth century. This American way of doing for oneself inspired many to become inventors in their own right. Some sought to save labor and mass-produce for profit while others envisioned not only riches, but excitement and adventure as they discovered ways to defy nature.

Throughout the past 200 years the American mind has been unleashed to take whatever paths necessary to fulfill the needs. In the last half-century, the pace of discovery has been overwhelming and inventions for the taming of the universe lie in the grasp of America while the habit of "finding a way" is ingrained in its people. The seeds of industrial America were sown by these inventors resulting in today's mechanized society.

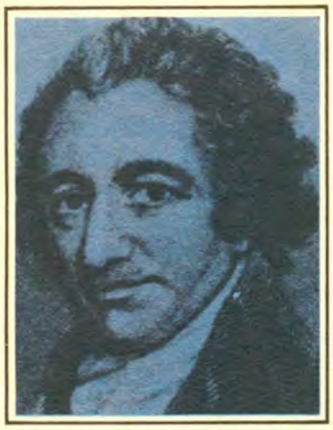
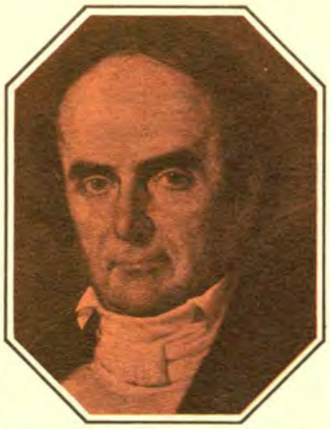
Men and women who helped shape America's history



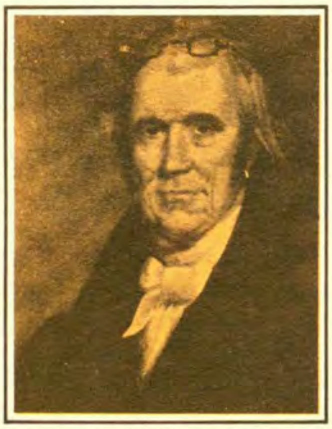
THOMAS PAINE, a bankrupt Quaker corsetmaker, sometime teacher, preacher and grocer wrote the most brilliant pamphlet of the American Revolution. His words in Common Sense reflected longings and aspirations that have remained part of American culture to this day.



DANIEL WEBSTER chose law as a career and went on to become well-known in the courts and in politics. He was twice Secretary of State with an eye always to the Presidency which eluded him.

DOROTHEA DIX worked her entire adult life for reform of the existing penal and mental institutions in the mid-1800's. The first state hospital in the nation at Trenton, New Jersey was a direct result of her efforts.

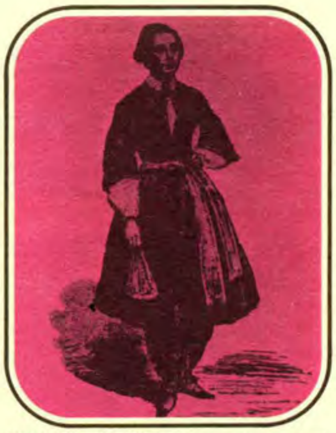
The creator of the Cherokee alphabet, **SEQUOYAH**, was an artist, writer and silversmith. He used a simple 1821 English primer to compose the characters. The famous redwood trees of the Pacific coast bear his name.



Chief Justice **JOHN MARSHALL** established fundamental principles of American constitutional law. He is noted for his precedental declaration of a Congressional act as unconstitutional. He served through five administrations, from 1801-1835.

Born a slave in Maryland, **FREDERICK DOUGLASS** taught himself to read and write secretly and, at 21, escaped to freedom. He was an ardent abolitionist campaigning successfully for Negro suffrage and civil rights.

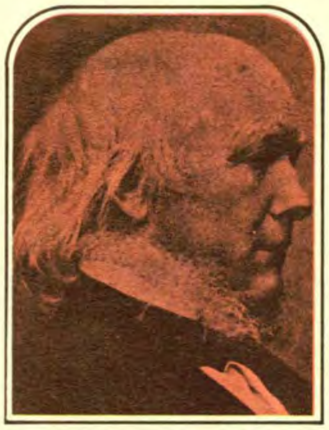
"The New Colossus," a sonnet composed by **EMMA LAZARUS** in 1883 is inscribed on a bronze tablet at the base of the Statue of Liberty. She organized relief for Jews and helped fugitives from the Czar's ghettos to establish homes in America.



AMELIA JENKS BLOOMER, best known for a mode of dress she adopted during her campaign for equal rights for women. Though ridiculed until she gave up the costume, the term "bloomer" came to symbolize woman's bid for individual freedom.

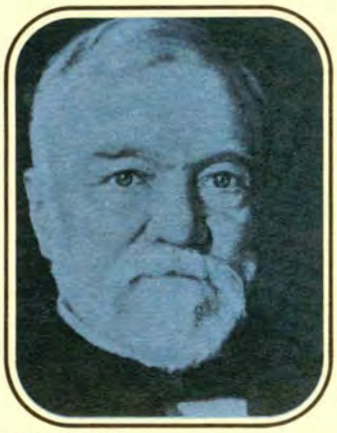
ABRAHAM LINCOLN epitomized the American dream of a humble young man ascending to the highest office of the land. He was superbly skilled at analyzing complex issues and translating them into meaningful words for the public. He was devoted to the preservation of the Union.

HARRIET BEECHER STOWE wrote **Uncle Tom's Cabin** in an effort to make the whole nation realize the inhumanity of slavery. Her book resulted in one of the most popular and controversial plays on the American stage. The Civil War was kindled by this work.



HORACE GREELEY'S admonition to "Go West young man" was a rallying cry of the pioneers of America. He was founder and editor of the New York Tribune. He was best known for his philosophy of social reform and his unsuccessful bid for the Presidency in 1872.

JOSEPH PULITZER was the first journalist to reach a truly massive audience. His New York **World** newspaper was the symbol of "yellow journalism" with its sensationalism aimed at the common man.



ANDREW CARNEGIE was a giant in the railroad and steel industries. He believed that it was the duty of a rich man to distribute his wealth during his lifetime. To that end, he established 2800 libraries and many cultural halls throughout America.

A lifetime passion for machinery led **HENRY FORD** to Detroit where, in 1896, he completed his first motor vehicle. The Ford Motor Company manufactured the first "Model T" in 1909.

One of the most elementary symbols of the American way of life was established when **J. EDGAR HOOVER** and his Federal Bureau of Investigation "G-men" set out to clean up the country. His career spanned over 40 years.

The motion-picture industry was revolutionized in America and **DAVID WARK GRIFFITH** became known as the "Father of the film art" and "king of directors" for his part in ~~this~~ revolution. His camera techniques were the pioneering steps of the industry.

Serving an unprecedented four terms as President of the United States, **FRANKLIN DELANO ROOSEVELT** was a popular leader who made extensive use of fireside radio chats to explain his plans and generate enthusiasm to push them through Congress.

ROBERT FROST's poetry was clear, understated, well-metered and told the stories of rural America. He was a four-time winner of the Pulitzer Prize and has been called America's poet laureate.

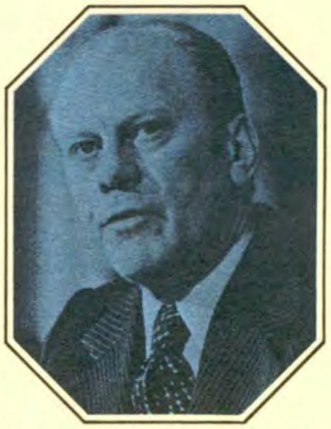
A plain, homely woman with tremendous appeal to the masses, who was always in the "thick of things" describes **ELEANOR ROOSEVELT** and her lifetime of politicking beside her husband during his four terms.

THURGOOD MARSHALL is the first Negro to serve as a justice of the Supreme Court. His law career was aimed primarily at civil rights cases.

The crippler poliomyelitis was conquered by **DR. JONAS SALK** in 1953 after more than 25 years of research. Polio was reduced by 96% in less than ten years. SALK's research continues in California at the Salk Institute.

MARTIN LUTHER KING was a leader in the cause of civil rights. He had been a pastor before turning to the cause of segregation. His leadership earned him the Nobel Peace Prize in 1964. He was assassinated by James Earl Ray in 1968.

Lieutenant Colonel **JOHN GLENN** started America's travels to outer space when he became the first American to orbit the earth. He had been an aviator in World War II and a test pilot in peacetime.



GERALD R. FORD, the first President to achieve the office without an election. In 1974, through a series of scandalous events, the Nixon administration toppled and FORD reached the position through approval by Congress.

Imagine buying that acre of land you have spotted for $1.25! Or, even at the higher price of $10. Those are the prices offered to our founding fathers to encourage settlement of the wilderness areas of this nation.

A stage wasn't the most comfortable way to go, but you could get from city to city for as little as $3 — at the amazing pace of six miles per hour.

Compare today's wages with a 12-hour day in the early 1800's. A man earned 50¢ a day. Of course his dollar bought a little more than today's. Butter in 1826 was about 5¢ lb. in the Midwest; eggs, 3¢ doz.; corn 6¢ bu., wheat, 25¢ bu.; and a cow could be bought for $5.

With travel becoming the American tradition, you could choose train, wagon, horseback or the water. A canal ride, with bed and board included, averaged 3 or 4¢ per mile. And when you reached your destination, you could sit down to a 5, or even 10 course meal for 25¢. (Ladies 20¢, in consideration of appetite.)

Farmers in the early 1800's could own the famous McCormick Reaper for a mere $100. But the Civil War increased prices as the machine became the first item farmers could buy on time payments for the sum of $1,500.

A good suit of clothes then might cost $1.95 and ladies waists (blouses) were marketed for 49¢ to $3.50 with a whole dress pattern priced at 15¢.

Cookstoves, "quality-satisfaction guaranteed," could cost you $29.25 at $4 per month and a dandy heating stove could set you back as much as $5.73 and up. The first electric refrigerator cost $900 — which might be enough to make you faint on your 1907 fainting couch that had cost a mere $7.85.

Your new baby travelled in the height of fashion in a wicker sleeping coach (stroller) for the sum of $12.04. If you had $1,500 in 1903 you could show off in one of the first automobiles.

Ah, those were the days. Some of the current prices are reminiscent of those days, but at frontier prices, which were a whole different story. Hardy pioneers had to pay $2 a pound for sugar, too. And the same for a pound of coffee or pepper. Those items were only 15¢ per pound back in civilized St. Louis. Flour was marked up 100 times for sale to the frontiersmen and during the famous Gold Rush, that precious commodity went for $400 a barrel.

FOR NEW YORK.

Philadelphia Museum,

IN THE UPPER PART OF THE

ARCADE,

CHESNUT STREET, (ABOVE SIXTH.)

OPEN thoughout the day, and ILLUMINATED every evening.

Admittance 25 Cents.

This Museum is the oldest and largest establishment in the United States, and contains immense collections of the Animal and Mineral kingdoms of nature, from all parts of the world. These are all beautifully arranged, so as to enable the visitor to study the objects with the greatest advantage. The collection of implements and ornaments of our aboriginal tribes is very extensive and interesting, and the Cabinet of Antiquities, and Artificial Curiosities, is not less worthy of attention. In addition to the ordinary attractions of a Museum, there is in this a very large collection of the Portraits of American Statesmen and Warriors of the Revolution, and of the most distinguished scientific men of Europe and America.

The Founder, C. W. Peale, desirous of securing the Museum permanently in this city, obtained an act of Incorporation, by which the stability of the Institution is insured. The act of Incorporation secures the use of the Museum in perpetuity to the city, and authorizes the Stockholders to appoint annually five trustees, who meet quarterly to regulate the business of the Institution. Nothing can be removed from the Institution under a penalty, and forfeiture of double the value of the thing removed; hence donations may be made with certainty on the part of the donors, that the articles placed in the Museum will always remain for the public good.

Lindbergh Wants To Fly Over Paris and to London.

Our yesterdays follow us.
They constitute our life, and they give character and force and meaning to our present deeds.
~ Joseph Parker

PEARL HARBOR

"If liberty is to be saved, it will not be by doubters, men of science, or the materialists: It will be by religious convictions; by the faith of the individuals who believe that God wills men to be free."

Acknowledgements

We'd like to thank:

Sister Mary Eymard for making *Apogee* '76 a reality.
Mr. Anthony Bruculere for not only helping set up the staff but also for seeing us through the whole year.
Brother Ferrer for sideline coaching and his tie.
Sister Marlene for helping us make history come alive.
Sibley's for having the greatest jelly beans in the whole county.
Brother Michael for the pictures of "The King and I".
Our fabulous photographers, Paul Vassaw, Toby Toscano, Greg Schuth and Joe Noble for hours of film processing and for many accommodations.
Our faithful editors, Kathy Kuhn, Jan Young, Jim Huber, Paul Alexander and Kathy Schultz.
Scott and Art from Varden's — and we send a big hug and kiss their way.
Mr. Gregory Smith for keeping us in mind for sports pictures.
Brother Kenneth and many Camera Club members, especially Paul Fromen, Alan Fuller, John Rex, and Dan Trabold for their services.
The Library at the Hotel Syracuse.
Carol Corbit for her endless hours of typing.
Sam Cotton for his design of the "Minute Man".
Tim Culhane for his cheerful help and a bright smile when we needed it most.
Our staff for all their time and effort and for knowing when to stay out of our chairs.
Many non-staff moderators, coaches, and students for captioning pictures.
The Class of '76 for being so great.

Cathy and Karen
Co-Editors of *Apogee* '76
